Revision of:

Change to Shoulder ratings from 15-Mar-2017 07:00 to 10-May-2017 06:59

The System Operator has been advised by the Grid Owner of the following change:

Effective 07:00 on the 15th March 2017 and continuing through until 06:59 on 10th May 2017, shoulder ratings will apply for the following:

Grid transmission circuit ratings (except those circuits having Variable Line Ratings).

Note that for each day of the period that shoulder ratings apply:

- Shoulder day ratings will apply from 07:00 to 20:59
- Shoulder night (winter) ratings will apply from 21:00 to 06:59

The circuits with Variable Line Ratings and therefore not affected by this change to shoulder ratings are Otahuhu Hautapu Whakamaru 1 & 2, Atiamuri Ohakuri 1, Ohakuri Wairakei 1, and Kinleith Lichfield 1 & 2, Lichfield Tarukenga 1 & 2, Atiamuri Whakamaru 1, Kawarau Matahina 1 & 2, Glenavy-Oamaru-2 and Blackpoint Tee-Oamaru-1.

With the exception of the Redclyffe interconnectors, interconnecting transformer seasonal ratings will remain on summer ratings and will be applied daily until 06:59 10th May 2022 as follows:

- Summer day ratings will apply from 07:00 to 20:59
- Winter ratings will apply from 21:00 to 06:59

Summer ratings will apply to all trading periods for the Redclyffe interconnecting transformers during the shoulder and summer rating periods.
