HVDC Round Power Status Change

Transpower as System Operator advises there is live line work on Benmore-Haywards 1.

This work is scheduled for the following timeframes:

- ~~Thursday 30th July 2026, 07:30 until 18:30~~
- ~~Friday 31st July 2026, 07:30 until 18:30~~
- Saturday 1st August 2026, 07:30 until ~~18:30~~ 14:30

Round power will be disabled during this work, preventing HVDC reserve sharing in the reverse power direction below the monopole minimum transfer.

The System Operator's business process for disabling and enabling FKC during HVDC monopole operation can be found on Transpower's website here:
