**Revision of: CAN, 7009618498, 08-jan-2026 11:43, Ngatamariki Unit 5 to be classified as a Secondary Risk while commissioning**

### Ngatamariki Unit 5 to be classified as a Secondary Risk while commissioning

Transpower as System Operator, advises that from 18:00 on 3rd February 2026 Ngatamariki Unit 5 will no longer be classified as a Secondary Extended Contingent Event (ECE).

~~Transpower as system operator advises that from 07:00 on 14th January 2026 Ngatamariki Unit 5 will be classified as a Secondary Extended Contingent Event (ECE) Risk whilst commissioning.~~

~~At this time Secondary ECE Risk of up to 60 MW will be added to the reserve requirement. An update will be sent if there is any change to these risk classifications and at the end of commissioning.~~

....

A revision of this notice will be issued if there is any change to the situation above.
