### Round Power Status Change

Transpower as System Operator advises there is live line work on Benmore-Haywards 2

- Tuesday 2 June 2026, 07:00 until 18:00
- Wednesday 3 June 2026, 07:00 until 18:00
- Thursday 4 June 2026, 07:00 until 18:00

Round power will be disabled during this work, preventing HVDC reserve sharing in the reverse power direction below the monopole minimum transfer.

The System Operator's business process for disabling and enabling FKC during HVDC monopole operation can be found on Transpower's website here:

A revision of this notice will be issued if there is any change to the situation above.
